PROJECT INFORMATION

KIPDA ID Number: 1605 Federal Aid Project Number: State ID Number:
TIP Amendment/Administrative Modification Number: Admin 5
Project Name: Handicap Accessible Ramps and Sidewalk Improvements
Project Description: Reconstruct existing sidewalks and handicap accessible ramps at street intersections to meet current ADA standards. Construct new segments of sidewalks and handicap accessible ramps at priority corridors and high pedestrian demand sites throughout the City. Provide infill/missing sections of sidewalks along priority corridors and high pedestrian demand sites throughout the City. The City is divided into 8 Coalition of Neighborhoods (See attached maps). Each map identifies the various subdivisions and developments within each coalition. All work to reconstruct or construct sidewalks and handicap accessible ramps are anticipated to be within public rights-of-way. All areas under consideration are existing residential subdivisions with streets, curb and gutter, roadside swales and platted lots. A consultant will be hired to develop an inventory of all sidewalks/ramp sections to be reconstructed along with key prioritized infill/missing sections to be constructed within each coalition. Disturbance to existing infrastructure (i.e. trees, landscaping, existing curbs, and drainage ways) will be minimized to the extent of meeting all applicable design standards.
Project Sponsor: City of Jeffersontown DUNS Number:
Total Project Cost (Plan Cost): \$742,500.00
Amount of Recovery Act funds programmed for this project: \$742,000.00
Project Location (City, County, Region, etc.): Jeffersontown, Jefferson County

Introduction

This Project Development Checklist is intended to assist in development of a project which conforms to regulations, policies, and guidance for Federal-aid transportation projects.

State Administered Local Public Agency (LPA) Federal-Aid Projects:

The Project Development Checklist should be completed by the LPA and submitted to the appropriate KYTC Administering Office with the complete Plans, Specifications, and Estimate (PS&E) package for review and approval. The completed Checklist signed by an authorized agent of the LPA will serve as certification that the contract documents for this project have been prepared in accordance with the KYTC LPA Guide, the KYTC/LPA Project Agreement, and all applicable Federal-aid laws, regulations, and policies. Approval of the PS&E package and certification by the KYTC of the Checklist will allow the KYTC Division of Program Management to request an FHWA Construction Authorization for the project.

State Administered Federal-Aid Projects:

The Project Development Checklist should be completed and signed by KYTC once the PS&E package has been completed. Completion of the PS&E Package and certification by the KYTC of the Checklist will allow the KYTC Division of Program Management to request an FHWA Construction Authorization for the project. Completion of Project Development Checklist for State Administered Federal-aid Projects will be verified by the FHWA on a regular basis through program and process reviews.

FHWA Full-Oversight Federal-Aid Projects:

The Project Development Checklist should be completed by the KYTC and submitted to the FHWA with the complete Plans, Specifications, and Estimate (PS&E) package for review and approval. The completed Checklist signed by an authorized agent of the KYTC will serve as certification that the contract documents for this project have been prepared in accordance with approved processes and all applicable Federal-aid laws, regulations, and policies. Approval of the PS&E package and Checklist by the FHWA will allow the KYTC Division of Program Management to request an FHWA Construction Authorization for the project.

The Checklist is composed of a series of yes/no questions in categories including Planning, Environment, Right-of-Way & Utilities, Plans & Specifications, Estimate, and Proposal. Many questions also include sub-questions which request additional supportive information and references to contract

documents. Answer all questions by checking yes or no and providing any supportive information. If additional documentation or comments are needed to address a question or satisfy a particular requirement, please note accordingly in the See Attached Comments column.

Notations in parentheses provide reference information to source documents such as Title 23 Code of Federal Regulations (CFR) (www.gpoaccess.gov/cfr/index.html) or other various guidance documents.

Note:

1. See the current version of the KYTC/FHWA Stewardship Plan for authority, role, and responsibility delegations of program and project activities in implementing the Federal-aid Highway Program.
2. This Checklist is not an all inclusive list as it does not address all Federal-aid requirements and regulations. However, the Checklist does account for several major Federal-aid requirements and provides references to source documents for further review.
