TRANSPORTATION POLICY COMMITTEE
12:30 p.m., May 23, 2019
KIPDA Burke Room
11520 Commonwealth Drive
Louisville, Kentucky 40299

AGENDA

1. Call to Order, Welcome, Introductions

2. April 25, 2019 TPC Meeting Minutes – Review and approval (see enclosed). Action is requested.

3. Public Comment Period

4. Public Meeting Report – Staff will report on public involvement activities.

5. I-Move Kentucky – KYTC staff will present details concerning the upcoming design-build interstate improvement project on I-265, I-64 and I-71.

6. Proposed Amendments to MPO Planning Documents -
   - Horizon 2035 Metropolitan Transportation Plan (MTP) – Staff will present a proposed amendment to the document (see enclosed). Action is requested.
   - FY 2018 - FY 2021 Transportation Improvement Program (TIP) – Staff will present a proposed amendment to the document (see enclosed). Action is requested.

7. U.S. Census Participant Statistical Area Boundary Program (PSAP) – Staff will discuss the effort to develop and validate proposed changes and to garner concurrence from planning partners.

8. FY 2018 - FY 2021 Transportation Improvement Program (TIP) – Staff will present information on Administrative Modifications to the short-range funding document (see enclosed).

9. Other Business

10. Adjourn
Call to Order
Keith Griffey, Vice Chair, called the meeting to order at 12:34 p.m. After introductions were made, it was determined that a quorum was present.

Review and Approval of Minutes
Kevin Baity, Town of Clarksville, made a motion to approve the minutes from the March 28 meeting. Matt Meunier, City of Jeffersontown, seconded the motion and it carried with a unanimous vote.

Public Comment Period
There were no public comments.

Public Meeting Report
Ashley Tinius, KIPDA staff, reported on recent public involvement activities.

Quarterly Project Review
Nick Vail, KIPDA staff, provided results from the latest review of projects using funding dedicated to the MPO and presented recommended changes in the programming of those funds in Kentucky. Jeff Mosley, Louisville Metro Government, made a motion to approve the recommended changes in the programming of funds in Kentucky. Aida Copic, TARC, seconded the motion and it carried with a unanimous vote.

TARC Comprehensive Operational Analysis (COA) and Long Range Plan Update
Aida Copic (TARC) and Shawn Dikes (HDR) discussed the progress and status of the COA and Long Range Plan Update. There was discussion. No action was required.

Connecting Kentuckiana Metropolitan Transportation Plan (MTP) and FY 2020-2025 Transportation Improvement Program (TIP)
David Burton and Nick Vail, KIPDA staff, presented information regarding the status and schedule for the ongoing major update to the MTP and the development of the next TIP update. There was discussion. No action was required.

FY 2018- FY 2021 Transportation Improvement Program (TIP)
Amanda Deatherage, KIPDA staff, presented information on Administrative Modifications to the short-range funding document. No action was required.

FY 2020 Unified Planning Work Program (UPWP)
Larry Chaney, KIPDA staff, asked the committee to consider approval of the Final Draft of the UPWP. Kevin Baity, Town of Clarksville, made a motion to approve the Final Draft of the
UPWP. Andy Crouch, City of Jeffersonville, seconded the motion and it carried with a unanimous vote.

**Other Business**
Elizabeth Farc, KIPDA staff, announced that the KIPDA Freight Mobility Study won the NADO 2019 Excellence in Regional Transportation Award.

**Adjournment**
The meeting was adjourned at 1:41 p.m.

Larry D. Chaney  
Recording Secretary

---

**Members Present:**
- Keith Griffie (Vice Chair) - Bullitt County
- Matt Meunier - City of Jeffersonville
- Andy Crouch - City of Jeffersonville
- Bernie Bowling - City of St. Matthews
- Brian Dixon - Clark County
- Jim Ude - Indiana Department of Transportation – Seymour
- J. Byron Chapman (Chair) - Jefferson County League of Cities
- Tonya Higdon - Kentucky Transportation Cabinet
- *Tom Hall - Kentucky Transportation Cabinet – District 5
- Jeff Mosley - Louisville Metro Government
- Kevin Nuss - Oldham County
- Kevin Baity - Town of Clarksville
- Aida Copic - TARC

**Members Absent:**
- Robert Hall - City of Charlestown
- Jeff Gahan - City of New Albany
- Beverly Chester-Burton - City of Shively
- *Tommy Dupree - Federal Aviation Administration – Memphis
- *Antonio Johnson - Federal Highway Administration – Indiana
- *Eric Rothermel - Federal Highway Administration – Kentucky
- *Robert Buckley - Federal Transit Administration – Region 4
- Don Lopp - Floyd County
- Joe McGuinness - Indiana Department of Transportation
- *Emily Liu - Louisville Metro Planning & Design
- James Welch - Louisville Regional Airport Authority
- Michael Browder - U.S. Dept. of Housing & Urban Development

**Others Present:**
- Bert Stocker - Fisherville Area Neighborhood Association
- Tim Robinson - GRW
- Shawn Dikes - HDR
- Thomas Witt - Kentucky Transportation Cabinet
- Matt Bullock - Kentucky Transportation Cabinet – District 5
- Sarah Baer - KIPDA
- David Burton - KIPDA
- Larry Chaney - KIPDA
- Amanda Deatherage - KIPDA
- Elizabeth Farc - KIPDA
- Adam Forseth - KIPDA
- Jarrett Haley - KIPDA
- Andy Rush - KIPDA
- Ashley Tinius - KIPDA
- Nick Vail - KIPDA
- Michael King - Louisville Metro Government
- Tammy Markert - Louisville Metro Government
- Vince Robinson - TRIMARC
- Bob Stein - United Consulting

* Denotes Advisory Members
MEMORANDUM

TO: Transportation Policy Committee

FROM: Nick Vail

DATE: May 14, 2019

SUBJECT: Amendment 12 of the Horizon 2035 MTP
        Amendment 5 of the FY 2018 – 2021 TIP

KIPDA is amending the Horizon 2035 Metropolitan Transportation Plan (MTP) and the FY 2018 – FY 2021 Transportation Improvement Program (TIP). Attached, you will find the proposed project amendments to the MTP and the TIP, comments from the public and a summary of staff’s communication with the Interagency Consultation Group regarding the projects.

The projects proposed for amendment to the FY 2018 – 2021 TIP are either currently included in, or are proposed for amendment to, the Horizon 2035 MTP. The project changes are considered exempt; therefore, no air quality analysis was required.

The proposed project changes were available for public review from April 29, 2019 through March 14, 2019, at public libraries and on the KIPDA website. A public meeting was held on May 6, 2019, at the Highlands-Shelby Library, 1250 Bardstown Road, Louisville, KY 40204.

The Transportation Technical Coordinating Committee recommended approval by the TPC of these amendments at their May 8, 2019 meeting.

Action is requested to approve Amendment 12 of the Horizon 2035 MTP.

Action is requested to approve Amendment 5 of the FY 2018 – 2021 TIP.
Horizon 2035 Metropolitan Transportation Plan and FY 2018 – FY 2021 Transportation Improvement Program

The Kentuckiana Regional Planning and Development Agency (KIPDA) is the metropolitan transportation planning organization for the five-county region including Jefferson, Bullitt and Oldham counties in Kentucky and Clark and Floyd counties in Indiana. Our responsibilities include producing a long-range transportation document, Horizon 2035 Metropolitan Transportation Plan, as well as a short-range planning document, the Transportation Improvement Program (TIP) that is updated at least every four years.

Changes have been proposed to the Metropolitan Transportation Plan and the Transportation Improvement Program. The Horizon 2035 Metropolitan Transportation Plan with the proposed changes is financially reasonable, and the proposed TIP is fiscally constrained.

We invite you to review the project information and submit comments to the following address by May 14, 2019.

**TIP & Plan Updates**

**KIPDA**

**11520 Commonwealth Drive**

**Louisville, KY 40299**

Email comments to: kipda.trans@kipda.org

In addition, you can review the documents and ask questions in person during a public open house held at the following times and locations:

- **May 6, 2019**, 4:30 p.m. – 6:00 p.m. at the Highlands/Shelby Park Library, 1250 Bardstown Road, Louisville, KY 40204

For additional information, call Ashley Tinius at 502-266-6144, ext. 123.

TARC will implement an Outer Loop circulator route to add an estimated 8 peak morning and 8 peak afternoon weekday trips along the corridor from Iroquois Park to Renaissance Business Center and Commerce Crossings via National Turnpike, Outer Loop, and Preston Highway. This new service will add connections to high frequency routes 4 and 18, local route 6, and express route 45X. TARC will work closely with area businesses to address their specific needs, shifts, and hours of operations.

The Outer Loop Circulator trips will complement and enhance the existing level of service and ridership on the connecting routes:

- Route 4 - 150 weekday trips, 3,500 average weekday boardings, 85,000 total monthly boardings
- Route 6 - 61 weekday trips, 1,700 average weekday boardings, 40,000 total monthly boardings
- Route 18 - 146 weekday trips, 7,000 average weekday boardings, 180,000 total monthly boardings
- Route 45X - 10 weekday trips, 75 average weekday boardings, 2,000 total monthly boardings

TARC will work closely with area businesses to address their specific needs, shifts, and hours of operations.

The Outer Loop Circulator trips will complement and enhance the existing level of service and ridership on the connecting routes:

- Route 4 - 150 weekday trips, 3,500 average weekday boardings, 85,000 total monthly boardings

Interagency Consultation Conference Call

April 25, 2019
10:00 a.m. EST

Participants
FHWA-KY -- John Ballantyne, Bernadette Dupont, Eric Rothermel
FTA – Region 4 -- Aviance Webb
EPA – Region 4 -- Dianna Myers
KYTC -- Justin Harrod, Tonya Higdon, Mikael Pelfrey, Steve Ross, Amanda Spencer, Thomas Witt
KYTC District 5 -- Tom Hall
KY DAQ -- Anna Bowman, Ashlee Whisman
LMAPCD -- Craig Butler, Michelle King
TARC -- Aida Copic
KIPDA -- David Burton, Larry Chaney, Amanda Deatherage, Andy Rush, Randy Simon, Nick Vail

Background
Recently, KIPDA staff has undertaken the steps necessary to conduct Amendment 12 of the Horizon 2035 Metropolitan Transportation Plan (MTP) and Amendment 5 of the FY 2018 – FY 2021 Transportation Improvement Program (TIP). KIPDA staff compiled lists of proposed project changes and distributed them via e-mail to the members of the Interagency Consultation group (IAC/ICG) on April 18, 2019. No regional emissions analysis will be needed for this amendment since all projects are exempt. An amendment containing non-exempt projects is planned for a later time.

Discussion of Amendment Schedule
The amendment schedule of activities was discussed and it includes the following key elements:
• No air quality analysis will be conducted since all projects in this amendment are exempt.
• Public review: April 29 through May 14, 2019
• KIPDA TPC review of public comments: May 7 through 22, 2019
• KIPDA TPC action on May 23, 2019
• Scheduling another IAC conference call in mid May 2019 to discuss the next MTP/TIP amendment that will include non-exempt projects.

Discussion of Amendment 5 of the FY 18 – FY 21 TIP/Amendment 12 of the Horizon 2035 MTP
The MTP/TIP amendments were driven by KYTC awarding CMAQ funding to four projects within the KIPDA MPO region. One project is sponsored by KYTC, one is sponsored by Louisville Metro, and two are sponsored by TARC. These four new projects were discussed at this meeting.

Discussion of Projects
The list of projects was reviewed. KIPDA staff reiterated that the projects’ changes on this list were exempt from air quality conformity and if there were a questionable project change regarding air quality status, that project would be moved to a non-exempt amendment to be conducted later this summer. The IAC concurred that all projects were exempt and none needed to be moved to the non-exempt amendment.
Regarding the TARC Outer Loop Circulator project, Aida Copic, TARC, stated that the CMAQ awards provided for three consecutive years of operations funding assistance, but only two years (FY 2020 and FY 2021) are shown in the list of amendments.

Amanda Deatherage, KIPDA, clarified that the third year of funding in FY 2022 is not shown in these amendments because KIPDA’s current TIP only covers the years FY 2018 to FY 2021. The third year of funding in FY 2022 will be included in the next TIP which will incorporate FY 2022.

Regarding the KYTC I-71 Northbound Exit Ramp Improvements to KY 53, Michelle King, LMAPCD, asked for clarifications on the meaning behind the effect on air quality status being indicated as “Exempt, can be modeled.”

Andy Rush, KIPDA, stated that since the project will add a lane to the ramp, the travel model will be updated to reflect that new lane and the exempt guidance was given by FHWA-KY in a prior call. This travel model update will be included in the next air quality conformity analysis, scheduled for later this year.

Bernadette Dupont, FHWA-KY, stated that this project is not adding capacity to the interstate and it is alleviating congestion on the interstate; thus it was eligible for CMAQ funding, and is therefore exempt from air quality conformity analysis.

Thomas Witt, KYTC, stated that the project is an intersection improvement at the intersection if I-71 and KY 53.

Craig Butler, LMAPCD, asked if this project was also exempt because of the length of the extra lane being added.

Bernadette Dupont, FHWA-KY, confirmed that the extra lane being constructed is relatively short.

Michelle King, LMAPCD, asked if KYTC already found this project to be exempt during the CMAQ application and approval process.

Bernadette Dupont, FHWA-KY, confirmed that one of the factors in the approval process of CMAQ awards is whether the project is in fact eligible for CMAQ funding.

Amanda Spencer, KYTC, asked if there were any other I-71 improvement projects that were going to be included in these amendments.

Larry Chaney and Nick Vail, KIPDA, both clarified that the other I-71 projects will be included in Administrative Modification 29 that KIPDA is processing later the same day.

There were no other questions or comments about any of the other projects included in the amendments.

Justin Harrod, KYTC, requested that KYTC continue a conversation with FHWA-KY that had been started during a previous phone call.

Bernadette Dupont, FHWA-KY, requested that the conversation continues in a separate phone call.
Nick Vail, KIPDA, asked if the topic that needed to be discussed has any relation to these amendments.

Bernadette Dupont, FHWA-KY, stated no.

There were no other questions or discussion.

The conference call adjourned at 10:20 a.m.

Comment:

- Opposed to entire 1-MOVE KY project
- Support connected bike lane network with protected bike lanes
- Support efforts to reduce car use and reduce VMT in our area
- Reduce carbon emissions + make this a priority
- Support dedicated bus lanes
- Support land use reform, particularly removing parking minimums + taxing surface parking lots
- Make dedicated + protected bike lanes on Frankfort Avenue + Bardstown Rd.

Comment:

Projects in Amendment 5+12 look good. Seems well thought out. Planned. Electric vehicles + TARC support

Good to have public meetings around town in different places

Recommend keeping current lane change during rush hour on Bardstown Road. Many places are well liked. "If it ain't broke - don't fix it." Other parts of plan look good.

I support KY comments. Make sure we maintain what we have before we build new and expand.

I have, as far back as the late 1980s, asked why trams or trolleys are not part of the long term transportation plan for the region.

The replies I always received were that they “would not interface well with vehicular traffic”. Ironically, I had spent some time in 1977, in Poland, where they still used the trams and trolleys similar to those used in Louisville in the 1930s and 1940s in most of the larger metropolitan areas. I never heard / read of any issues of vehicles and trolleys.

As part of my research on various federally funded archaeological projects, I found that all of the trolley rights of ways still legally and in most cases physically exist. These are, one would assume, still owned by TARC (the company that replaced the trolley company). There was even an inter urban rail system that serviced nearly the entire KIPDA region.

Thank you for your attention,

PJ DiBlasi
MEMORANDUM

TO: Transportation Policy Committee
FROM: Amanda Deatherage
DATE: May 14, 2019

SUBJECT: Administrative Modifications 31 of the FY 2018 – FY 2021 Transportation Improvement Program

KIPDA has been informed of administrative modifications to be made to the FY 2018 – FY 2021 Transportation Improvement Program (TIP). Administrative modifications are changes that are considered relatively minor and no action is required of the MPO.

Qualifying criteria for administrative modifications include the following actions:

- Correcting obvious minor data entry errors.
- Splitting or combining projects without modifying the original project intent.
- Changing or clarifying elements of a project description (with no change in funding). This change would not alter the original project intent.
- Moving a project from one funding category to another.
- Shifting the schedule of a project or phase within the years covered by the STIP/TIP (with no impact to fiscal constraint).
- Adding Planning, Design, ROW or Utilities phases to a construction project that is already included in the STIP.
- Moving any identified project phase programmed for previous year into a new TIP (rollover provision).
- Updating project cost estimates (within the original project scope and intent) that do not impact fiscal constraint.
- Adding projects that are considered “grouped projects” that do not require public review, redemonstration of fiscal constraint, or a conformity determination.

The changes to the FY 2018 – 2021 TIP are included on the attached tables and are being presented to you for your information only. These changes do not affect the fiscal constraint of the Transportation Improvement Program, nor will they affect the progress of other projects in the program.
